FEATURES

- Brass construction
- Nylon float/Internals
- Built-in check valve
- Sizes 1/2", 3/4", 1"
- Maximum operating pressure 10 bar
- Maximum working temperature 120°C

BENEFITS

- Releases the entrapped air in hydronic systems
- Reduced corrosion
- Better system efficiency
- No air blockages

TECHNICAL DATA

Material

Body : Brass
Float : Nylon
Sizes : 15mm (1/2" BSP)
        20mm (3/4" BSP)
        25mm (1" BSP)

Max. operating pressure : 10 Bar
Max. working temperature : 120°C
